A Christmas Planner

An undated holiday planner from Sigil and Scribe

For this Christmas, and every Christmas after.

How to use this planner

This planner is for the whole Christmas, whenever your Christmas starts.

There is no right order. Gift pages up front for your people, a budget page to keep the numbers honest, lists for cards, food, baking, and shopping, a December calendar, and a few pages at the back for the memories you will want to find next December.

Skip what does not fit your family. Cross things out. Write in the margins. A planner that looks used is a planner that worked.

It is undated on purpose. This Christmas, next Christmas, the Christmas after: it will be ready when you are.
